ABOUT SHERYL

Sheryl Hatwood, MPA, B.Sc, is an entrepreneur, motivational speaker, author, and playwright. She is also the owner of Endless Voice Productions LLC (EVP), a company where she focuses on producing and directing innovative theatrical productions and inspiring events which edify her audiences.

The Wounded Soul, EVP's 2017 theatrical production was based on her life story. She wanted to introduce audiences to her life journey of overcoming various abuses, understanding it is incredibly important to shed the shame and embarrassment associated with being a victim of abuse. The countless testimonies received after the showings of *The Wounded Soul* catalyzed her creation of *A Woman's Worth Awards* ("AWW") an annual awards show honoring women who have overcome their challenges.

As a survivor of domestic and sexual abuse, Sheryl has been given multiple platforms, media and live appearances to share her story. She asserts to unsilence your shame and give voice to your truth. Sheryl continues to find avenues to help others by hosting "*Women In Business*" series and "*The Biz Circle*" to help entrepreneurs. Sheryl was the recipient of the 2019 WEI Trailblazer award recognized as an accomplished leader in her community. She also received a Proclamation from the Westchester Governor for the exceptional example she has set, and for her personal achievements.

Sheryl has extended her reach to audiences with the release of her book *The Restored Soul* and the launch of the new aromatherapy line "TRUCE". Her focus has always been on the resilient spirit and the power to overcome.
